Recitation Manual: "NATURAL DISASTERS: Recitation Manual" (6th edition, revised), by M.S. Ramsey. *Kendall Hunt Publishing (ISBN 979-8-3851-6664-0)*, 2025.

Guidelines for recitations

Please arrive to recitation with your manual so the recitation assignment can be completed. All assignments should be able to be completed in the 50 minute period, but **they will be due at the start of the recitation period the following week** to give additional time if necessary.

Assignments can be turned in during recitation directly to your TA or in your TA's mailbox (found in SRCC 200A).

Late Policy

Recitations turned in later than one week after the recitation period **will be accepted with a 50% point deduction for one week after the due date**. Anything turned in more than one week after the due date will not be accepted and will result in a zero.

Other stuff:

Work in pairs- it helps to bounce ideas off each other and also makes it more fun

Ask your TA questions- that's what we're there for

When you have a question and want to email about it, please cc both TAs; that way one of us will be able to answer promptly if the other one is busy

Expect email responses from us during the week from 9-5ish. You likely won't get a quick response late at night or on weekends
